President's Message

Hello fellow SPE members,

The Akron and Cleveland Sections of the Society of Plastics Engineers hosted a virtual presentation, "Plastics Recycling, More than a Number" on January 23. Our guest speaker was Debbie Prenatt, Market Manager, Sustainability, M. Holland. As you can guess, sustainability will continue to be a hot topic in the Plastics world, and there is another virtual presentation on February 28th at 5:30 p.m.; "Sustainability Challenges Incorporating Recyclate" will be presented by Melissa Kurtz, Managing Engineer from the Madison group, and is hosted by both of our Sections.

Additionally, I want to invite everyone to our March 20th free Tour event with the Cleveland Section. We will be touring Magnet - NE OH Manufacturing Partnership in Cleveland. See the details and sign-up information in our newsletter. A Buffet dinner afterwards is separate with a cost of \$25 per person.

Please volunteer and join our Akron SPE Board. We, as a board, have continued to bring exciting technical events and engagements for many years. We invite you to join us in exploring the many opportunities to bring an excellent program to our members. As a member of the Board, you can influence the types of meetings and subjects that are brought to our section's attention. We are currently looking for a volunteer to help the board with our "House" position, and for the position of Treasurer for next year.

Look forward to seeing you soon at one of our events.

Best regards,

Joe Mattingly

Akron Regional Science Olympiad

We plan to run Akron Regional Science Olympiad Tournament (Eastern Division) as an In-Person Event on Saturday, March 11, 2023

Please check the Ohio Science Olympiad pages for Registration and Tournament Information:

<https://ohso.osu.edu/>

Registration for Science Olympiad is required and should be completed at the Ohio State Level. Registration is open here: <https://ohso.osu.edu/>

Science Olympiad – Save the Date – Supervisors Needed

The Akron Regional Science Olympiad tournament is Saturday, March 11, 2023, at the University of Akron.

We have many volunteer positions for 2, 3 and 6–7 hour activities, doing timing, test grading, device inspection and logistics. We hope to provide lunch for each volunteer. We will try to provide *personalized signed volunteer-hour certificates for every individual who volunteers.*

Volunteer Registration will start in February. In the meantime, please Save the Date!

We are seeking event supervisors and/or proctors for several events, including *Green Generation, Solar System, Meteorology (We Have A Test)* There may be other opportunities to supervise/proctor.

Supervisors are in charge of their event, including for some events, writing the test.

Science Olympiad is a national science competition for middle school and high school students. On Saturday, March 11, over 600 students from six surrounding counties will come to the University of Akron to compete in 46 contests of science, technology, engineering, and math skills. The University is seeking volunteers for the day to help with supervising events, grading tests, evaluating or timing at constructed device events, score keeping and logistics.

For information, please check this link:

<https://uakron.edu/polymer/agpa-k12outreach/science-olympiad/> (*The volunteer link will go live in late January, 2023*). We'd be delighted to have your help this year.

If you wish to be a supervisor, please send an email to jfellenstein@uakron.edu with your contact information.

If you wish to serve as a supervisor assistant, in preparation for supervising next year, please also let us know.

A summary list of events can be found here: <https://www.soinc.org/bc-events>

Akron Section Society of Plastics Engineers Educational Foundation

06-22

The Akron Society of Plastics Engineers Educational Foundation operates exclusively for the benefit of and to carry out the purposes of the Akron Section of the Society of Plastics Engineers, which is to promote scientific and engineering knowledge relating to plastics by making educational scholarship grants to deserving students in the field of plastics engineering and related subjects. The Organization is supported primarily by contributions from the Akron Society of Plastics Engineers, the Society's individual members and corporations like yours affiliated with the polymer industry.

Since the inception in 1983, the Akron Society of Plastics Engineers Educational Foundation has grown to its current position through the hard work of many volunteers and the generosity of the local business community. Over the nearly forty years that the foundation has been in existence, it has provided over 300 scholarships to young men and women totaling in excess of \$441,000 to assist them in furthering their careers in the polymer industry.

Our goal is to continue to grow the assets of the Foundation in order to increase the number of scholarships awarded, as well as the size of the awards, and to do so in perpetuity. In doing this, we hope to be able to contribute to the supply of well-trained individuals to support the growth of the polymer industry in the Northeast Ohio area today and well into the future.

When the Foundation began its fund raising activities in 1983, we offered those companies who contributed a substantial donation, a perpetual annual scholarship in their name. To date we have four named scholarships, Newell/Rubbermaid, Goodyear, Ken Sharp Memorial and Jim Steiner Memorial scholarships. We are asking your company to help with the growth of well-trained individuals in the local polymer industry. Please print this page, fill out the information and mail it to David Schultz, 610 Berkshire Drive, Medina, Ohio 44256.
